Hospice emphasizes quality of life, rather than length of life.

Hospice provides services for the patient and the entire family; including respite to relieve the caregiver.

Hospice offers help and support to the patient and family seven days a week, 24 hours a day.

### **Make A Difference:**

Volunteers are important to Hospice. Whether working directly with patients and family or assisting with community education or program support; you can make a difference. Memorial gifts and bequests insure hospice availability in the future and are another way to provide support. Call 660-258-7871 & join our team of committed hospice staff and volunteers.
